Our Commitment to You

Namale Spa & Sanctuary is a place of love and bliss – an indigenous island sanctuary that honors your spirit and offers you a diverse array of healing arts from around the world. It is our mission to awaken and restore the natural healing forces of your mind, body and spirit. As students of the world's healing traditions, we have merged these ancient wisdoms with the knowledge of modern medical sciences & research to create an integrated and effective path toward perfect health and beauty. We are devoted to your well-being and it is our privilege to serve you on your journey to greater wellness and balance.

Your Spa Experience

Drink Water

It's crucial to drink plenty of it before, during and after your visit. Water hydrates the body's tissues on a cellular level, prompting the system to cleanse itself and function with fluidity.

Take Your Time

Visiting a spa means you're taking time out for yourself. Even if you're going with a friend or lover, the therapy is yours alone. Taking the time to unwind and slow down before your appointment will make your visit more pleasant (mind) and more beneficial (body).

We suggest that you arrive to the Spa at least 15 minutes before your scheduled appointment, providing you with sufficient time to change, shower and use the sauna room. A robe, towel and locker will be provided upon your arrival to the Spa. If you choose, undergarments may be worn during treatments. However, all our therapists are skilled in proper draping procedures to ensure your complete comfort and privacy.

Medical

Kindly inform us of any special or medical needs that require additional attention. If you are pregnant, or have certain medical conditions, some treatments are not recommended. If you are unsure, just ask. We're here to help.

Hydrotherapy Room

Enjoy unlimited use of our Hydrotherapy Room and the sensations of pampering yourself with water. Feel your everyday stress melt away in the sauna, or feel the warmth of the hot tub freeing your mind of worries. Know the experience of being rejuvenated by the waterfall or just indulge in the pleasure of our aromatherapy baths. Open daily from 8am-5pm.

Body Wraps & Masks

Anti-Aging Cocoa Wrap

Cocoa is a powerful little bean that highlights this anti-aging treatment. In order to properly replenish your body's minerals and deliver the anti-oxidants, we begin with a full body Swedish massage followed by a freshly made cocoa and coconut milk mask for your whole body. You'll be enveloped in warm towels to allow the mask to sink in to your skin. In the mean time, you will be treated to a neck, shoulder and signature scalp massage. This wrap will promote blood flow, boost your energy, fight free radicals and act as a powerful euphoric stimulator.

90 minute treatment \$340 FJD

Rejuvenating Coconut Butter Wrap

Get introduced to our native Fijian healing herbs through this treatment. In two bundles of local roasted coconut and herbs from Namale's Gardens (called a *Suluwaki* (*Sal-ah -wah - key*)), we will apply a rhythm of percussion all over your body, followed by a full body relaxation massage. Our 100% homemade pure coconut butter is then applied to your full body and enveloped in a cooling wrap to intensify the healing effects, helping to soothe sun damaged skin and calm skin irritations. The coconut, herbs, and oils used are essential for Fiji's tropical environment.

90 minute treatment \$340 FJD

Bali Spice Ritual

Using the traditional blend of Balinese villages, a recipe of fresh ginger, clove and other spices is applied to your body as a mask. This mask will aid in detoxification by stimulating digestion, along with easing congestion in aching joints and muscles by promoting circulation. While your body is warmed with the mask, you will receive a Balinese style massage.
