

Mirihi Island Resort Factsheet

In the warm waters of the azure Indian Ocean lies a dream tropical island – Mirihi Island Resort. Combining modern and traditional elements, the small paradise has been freshly renovated and reopened in new shine in December 2014, still maintaining its Maldivian character and still ‘as unique as you’!

This emerald gem is just 350 meters long and 50 meters wide with palm-fringed beaches and sand as soft as powder, inviting you to leave your shoes behind for the duration of your stay. Only a few meters into the sea, our spectacular house reef – a veritable underwater garden –

awaits you with corals and fishes in a myriad of colors. Mirihi is located in the South Ari Atoll, reachable from Male via a 30 minute picturesque seaplane flight. Due to the small size Mirihi is meanwhile counted as one of the smallest islands in Maldives.
